Grand Theft Auto V features a digital database system. Players can switch between multiple towns or regions at any time and explore the world from the comfort of their own home using any internet-connected computer with an internet browser. At the beginning of the game, the player can choose between the male and female protagonists, Michael and Trevor, respectively. The player can control one of them at all times. "Day" and "Night" modes can be toggled with the camera, and the game features an in-game calendar which represents the different seasons of the year. Environment details like detailed foliage, surface temperatures, water, and weather are also present in the game..
