It was a rainy day, and I just couldn't wait for him to arrive so we could ride. But I had no idea he had been waiting in the car.. 5; a week ago. Homemade hot blowjob and threesome. - We go into her living room and find her grandfather, a 90-year-old man with an erect penis. As we get to know more about each other, we realize that he is more than just a giant schlong.In many ways, the fifth season of RuPaul's Drag Race was a series finale. There were no more episodes of the world's foremost drag queen search for a superstar queen to be crowned America's Next Drag Superstar. Instead, those last two episodes mostly focused on the aftermath of the contentious Lip Sync for Your Legacy runway challenge, which left eight queens: tenacious Courtney Act, eloquent Latrice Royale, true-to-her-name Shea Coulee, young and fiery Shea Coulee, Ariana Grande wannabe Sasha Velour, tearful Manila Luzon, the Lady Gaga-esque BeBe Zahara Benet and queen of one week away from the challenge, Milk. If that didn't tell you that this season's finale was coming to a close, the way the season has been unfolding might. There are a lot of lessons to be learned from the last few weeks of this series, and the most important is that this year's winner had little to do with her performance — or even her drag. Every year, RuPaul's Drag Race crowns a drag queen who was a fierce competitor, but in this case, the only things her fans were talking about was the other All Stars who were going home. RuPaul's Drag Race All Stars 4 is a sequel to the show, and while it wouldn't be a bad idea if it only featured the All Stars who didn't win, it felt more like a celebration of all of the queens who competed. And the way it was structured, you could argue that RuPaul's Drag Race All Stars 4 was the best season of the series to date.
