With it's many different possibilities Super PDF Editor seems to be an overkill for the first user. The settings are most complex for a first user and the learning curve for the first user is very steep. The PDF Editors i have downloaded before aren't intimidating at all. They are very easy to use. The Super PDF editor has a lot of options which are complicating the learning curve for the user. I wouldn't recommend to begin with this application. The interface is only a little more useful but it takes far too long to load for your entire pdf if it is a big document. I have an eps file that comes in over 9 MB so this was a painful experience. Helpful I would give this app 5 stars if it was a little less user friendly and if it saved the last settings for editing. This App is very helpful. It has a lot of useful features and editing abilities. It
