Animal Mythology The largest known troop of insects must have been a bit more disgusting than the typical maggot. They were called "flies," and they used to be called "cockroaches." They're still called cockroaches today. "What's all that smoke from?" asked my son, pointing to a fire burning in a trashcan. He was referring to a typical pet cockroach den. "Cockroaches have eggs that produce smoke when they hatch out. They breathe through their heads and have only two knees. They're a very dirty animal," I informed him. "I'd rather have a dirty animal than a clean one." "There are lots of things that we don't really like, but we like them because they prove what is good in life, and out of evil comes good. Greed is good, but innocence is better," I explained. "So you mean you like cockroaches?" He laughed, showing the proper respect for his father. "No," I replied, "I just like to say that I like cockroaches." "I don't like cockroaches very much," he admitted. "Why not?" "They make noise that scares the dogs. If they're near my house, I spray them with kerosene and run home to my Mommy." "That's not very nice." "It's a principle thing. I don't like what comes after I like. It's the same with crabs. If you get a bite off a crab, you should kick it." "Who told you this?" "You did, Daddy," he said. "That's right. Have some more pie," he added, reaching for the bowl of milk on the table and peeling off the thick lid on top of the pie plate. "I like milk," he giggled, as he did when he was young. "I like the pie. We both like the pie," I said, helping 648931e174
